

Job Description

Job Title: Production Operative

Department: Production

Reporting to: Assembly manager

Who are we?

Fullwood Packo Dairy Group design, manufacture and distribute state of the art milking equipment worldwide and for over 85 years have been recognised as being at the forefront of milking technology. Operating primarily out of Europe with the operations based in the United Kingdom (Ellesmere, Shropshire). We have a strong European customer base and are now looking for a Production Operator to help support our production department.

Key Duties

- Raise any issues of nonconformity with products you are handling to your Team Leader and work with them to help drive out these non-conforming issues.
- Assist your Team Leader in the creation of Standard Work Instructions, Standard Operating Procedures and Risk Assessments for all tasks within your Section. Operating methods and procedures are designed to eliminate safety issues, operating problems and improve product quality.
- Good knowledge of process and product quality standards and documentation, and a good eye for detail.
- You will ensure that your work complies to all required specifications, drawings, etc as required, and you will conduct quality inspections as required, feeding back issues to your supplier (be it internal departments or external suppliers via the Procurement Team) until they are resolved.
- Maintain good quality documentation by having the ability to understand and complete required production documentation to an audit ready standard according to instructions.
- Assist your Team Leaders in all Continuous Improvement activities.

Productivity

- Willing to build knowledge of new skills and tasks to further skills base.
- Competent in the skills required to operate various tools and equipment within a manufacturing environment, including drills, soldering irons, tappers, wire crimping, and general mechanical assembly.
- Liaising with Team Leaders and Engineering to raise any issues or suggest process improvements.
- Achieve or better targeted machine or process output times while maintaining product quality.
- Ensure any faults are reported to minimise waste and downtime.

Smart milking and cooling solutions

Delivery

Contribute to achieving 100% on time, in full (OTIF) deliveries to our customers, both external and internal.

People

- Assist your fellow team members as required to achieve objectives set by the team leaders.
- Undertake training as required to develop your skills and increase flexibility within the Logistics team.
- Undertake all roles within the material handling operation as and when requested.

Other Duties

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice

What We Offer

- A fixed term contract - 6 months
- An exciting role in an interesting innovative area, with a growing international company.
- The possibility to develop yourself in an organisation with a flat structure and entrepreneurial attitude.
- 37.5 weekly working hours
- Monday – Wednesday 07:00 to 17:00 (Covid-19 restricted hours, subject to change)
- Thursday 07:00 to 16:30 (Covid-19 Restricted hours, subject to change)
- Competitive salary plus other benefits.
- 25 days holiday annually + bank holidays
- Contributory pension scheme
